**Subject:** Docket# E-01345A-16-0036. I OPPOSE APS anti-solar proposal

Dear Chairman Little,

Dear Commissioners,

The People need to trust that the Commission follow the law and do their sworn mandated duty of protecting them from Corporate overreach with its inevitable thirst for corrupting fraud and power. Clearly this is not happening as you abdicate your responsibilities as a regulatory agency.

The longer you take to right the sinking ship of the Commission, the more weary and unsettled the People will become.  
STOP RUINING THE STATE OF ARIZONA!

Start by making a very clear statement that Demand metering has no place for residential customers in Arizona. And that Net metering is here to stay and will NOT be tampered with.

Then you can get on with cleaning up your house; addressing the many growing legal problems you have brought on by not following the law.

Respectfully,

Stan Kingman  
P.O. Box 1168

Sincerely,

Stan Kingman

Mr. Chairman:

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.

Respectfully submitted,

As an APS ratepayer and Sun City Resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice. That is exactly where they belong.

Please vote against Mandatory Demand Charges.
